

Healthcare Innovation Council (HIC)

GREATER PHOENIX, GREATER TOGETHER

HIC's Mission

The Healthcare Innovation Council is a diverse group of leaders committed to advancing the healthcare and bioscience ecosystem in an effort to attract and retain companies and talent in the region. HIC serves as a convener, connector and supporter of cross-sector collaboration.

FY25 Priorities

- ⊕ Promote capital ecosystem for bioscience and health tech startups and growth companies.
- ⊕ Connect Arizona bioscience and health tech companies with ecosystem partners.
- ⊕ Raise Greater Phoenix's reputation as an emerging bioscience hub.

About GPEC's Councils

GPEC councils act as strategic advisory groups to the organization. The collective professional expertise of council members helps to shape key initiatives and leverages connections to further job creation, competitiveness efforts and the implementation of programs.

Additional Councils

- Community Building Consortium (CBC)
- Economic Development Directors Team (EDDT)
- GPEC Next
- International Leadership Council (ILC)
